

## **Great Examples of Collaboration in March:**

### **St. Francis Solanus School (Colorado) and Osnovna Skola**

**Glina(Croatia):** This month, students will work with their international partners to create a Slide/Doc comparing the Civil War of their two countries - the US Civil War and the Croatia War for Independence. The students will work together to identify topics to research and compare/contrast. The parents of some Croatian students were likely involved in the war, so it will be interesting to hear their perspective!
